DETAILED ACTION

Claim Rejections - 35 USC § 103

- 1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
 - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- 2. Claims 1-13 and 15-21 are rejected under 35 U.S.C. 103(a) as being unpatentable over U.S. Pat. No. 5,667,261 to Weinerman in view of U.S. Pat. No. 6,561,556 to Fuchs.

Weinerman '261 teaches limitations including a "base" – including 152, a "handle" – 200, a "pin" – 270, a "bracket" – 250, a "spring" – 197 but does not teach limitation of "lever". Fuchs '556 discloses that it is well known in the art to provide the bracket with a lever (7). It would have been obvious to one of ordinary skill in the art at the time of the invention to provide the latch of Weinerman '261 with a lever as taught by Fuchs '556 to provide more positive control of the bracket to the user.

As regards claim 10, the base of Weinerman '261 has a horizontal member and a vertical member as shown in Fig 2 for example.

Response to Arguments

3. Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
